A

	Page
Abacá fiber, standards for	128
Accelerometers, earthquake	41
Acetates, alkali zinc uranyl, optical and crystallographic properties of	114
Acidity of soils, determination of total	32
Acoustical Society of America, meeting of	57
Aerodynamical characteristics of automobile models	88
Aileron displacement, effect of, on wind characteristics	9
Ailerons, rectangular, rolling, yawing, and hinge moments produced by	9
Air permeability of paper	56
Air speed, measurement of, fluctuations of, in turbulent flow	30
Aircraft, blind landing of, radio system for	39
Aircraft instruments, effect of temperature on elastic properties of metals used for	29
Aircraft power plant instruments	87
Aircraft propellers, vibrations of	53
Aircraft radio direction finder	123
Airplane engines, mufflers for	8
Alcohol as motor fuel	27
Alcohol-gasoline blends as compared with gasoline in fuel economy	91
Alcohol, miscibility of gasoline with	63
Aldonic acids and their lactones, preparation and properties of	113
Alkali zinc uranyl acetates, optical and crystallographic properties of	114
Alkalinity of lime solutions	87
Altitude, effect of, on gas appliances	41
Aluminum in nitriding steels, determination of	29
American Physical Society, meeting of	57
Ampere, absolute determination of	42
Amplifiers, sensitive pulse, elimination of background noise in	15
Angstrom, the	97
Announcements of new publications, discontinuance of	79
Archives Building, construction of	21
Arlington Memorial Bridge, tests of reinforced-concrete arch of	115
Artichokes, Jerusalem-, extraction of levulose from	73
Austenitic steel, magnetic balance for the inspection of	29
Automobile models, aerodynamic characteristics of	88
Automobiles force of side winds on	115
Automobiles, streamlining	61
Aviation fuels, detonation rating of	78

B

Balances, laboratory, magnetic damping for	1
Batteries, storage, grid composition, and sulphation of	63
Bearing alloys, white-metal, properties of	5
Bearing bronze, tin-free leaded	52
Blind-landing of aircraft	39, 53
Books, deterioration of, in libraries	66
Brick, fire-clay, Federal specification for	34
Bricks, building, properties of	68
Brickwork, strength of steel columns incased in	6
Brush discharge in air affects engine performance	40
Building bricks, properties of	68
Burners for slow-burning gases	42

C

Calcium salts, basic, preparation and properties of	113
Calorimeter for heats of fusion	103
Calorimeter, Thomas recording gas	3
Carbon dioxide, thermal properties of	28
Caseins, commercial, properties and coating qualities of	22
Casting conditions, effect of, on properties of gray cast iron	64
Cement, portland, determination of magnesia in	68
Cement, portland, specific surface of	72
Cements, high early strength	45
Cements, masonry, workability of	35
Ceramic materials, volume changes in, due to weathering	19
Chimney blocks, hollow clay radial, specifications for	45
China clays, composition of American and English	126
Chromium, deposition of from solutions of chromic and chromous salts	105
Cigarettes, fire hazard tests with	117
Clay in concrete	4
Clay materials, fired, glass phase in	51
Clays, china, comparison of American and English	126
Clays, English china, some properties of	95
Clays, English china, summary of investigation	3
Clays for saggers	71
Clays, Ohio	34
Clays, Ohio heavy, glass phase in	69
Cloth, effect of weave on properties of	107
Cloth, evaluation of "handle" and "drape" of	55
Coils, attraction between, in current balance	111
Color of manila rope	34
Colorimetric analysis, optically stable sugar solutions for	32
Columbium, thermal expansion of	84, 96, 103
Columns protected with gypsum, fire tests of	67
Columns, steel, incased in brickwork	6
Commercial standards for fourdrinier wire cloth	130
Commercial standard for fuel oils revised	88
Commercial standard for gold-filled and rolled gold plate articles	107
Commercial Standards Monthly, discontinuance of	79
Commercial Standards Monthly, Industrial Standardization and	101
Compressometer, the	55
Concrete, clay in	4
Containers, glass, simplified practice recommendation for	100
Copper wire nails, simplification of	118

	Page
Counters, Geiger-Müller, improvement in	15
Creep in nickel-chromium iron alloys at high temperatures	65
Current balance, attraction between coils of	111
Current transformers, equipment for testing	76
Curtains, theater, proscenium, fire tests of	106
D	
Dampness in masonry walls above grade	94, 107
Detonation rating of aviation fuels	78
Developers, photographic, comparison of	97
Dickite, kaolinite and, synthesis of	18, 36
Diesel fuels, automotive, vapor pressure of	40
Direction finder, radio, for use on airplanes	83
Distilling column, improved chain-packed	75
Drawing inks, colored waterproof	32
Duck, waterproof, accelerated aging test for	34
E	
Earthquake accelerometers	41
Educational courses at the Bureau of Standards, 1933–34	100
Electric railway motor and controller parts, packaging of	129
Electrical characteristics of rubber-sulphur compounds	81
Electrical units, international	13, 121
Electricity and light, international action on, units in	25, 121
Electrolysis, stray-current	46
Enamels, ground-coat, factors determining expansivity of	44
Enamels, ground-coat, influence of composition on fusion properties of	19
Enamels, stresses in	72
Enamels, vitreous, thermal expansion of	104
Encyclopedia of specifications for metals and metal products	64
End standards, quartz and steel, comparison of	14
Engine cylinder, infrared radiation from	28
Engine performance, brush discharge in air affects	40
Engine performance, effect of jacket water temperature on	114
English china clays, some properties of	95
English china clays, summary of investigation	3
F	
Field intensities, radio, a continuous recorder of	99
Fire-clay brick, Federal specifications for	34
Fire department, structural conditions as they affect the work of a	116
Fire hazard of domestic heating installations	93
Fire hazard tests with cigarettes	117
Fire tests of columns protected with gypsum	67
Fire tests of gypsum lath partitions	20, 94
Flexometer, the	55
Flint and feldspar in whiteware, effects of particle size of	96
Floor tiles, natural stone, abrasive resistance of	50
Floors, care of	95
Floors, wear of	115
Formates, normal, of some group II metals	85
Foundry sands, properties and testing of	45
Fourdrinier wire cloth, commercial standard for	130
Fuel economy with gasoline and alcohol-gasoline blends	91
Fuel oils, revised commercial standards for	88
G	
Gage blanks, American standard for	118
Gage, micrometer, for rubber specimens	54
Gas appliances, effect of altitude on	41
Gases, slow-burning, burners for	42
Gasoline and alcohol-gasoline blends, comparative fuel economy with	91
Gasoline, gum content of	85
Gasoline, lubricated	28
Gasoline, miscibility of, with alcohol	63
Geiger-Müller counters, improvement in	15
Glass containers, effect of, on electromotive force of Weston normal cells	82
Glass, determination of soda in	68
Glass, optical, viscosity of	72
Glass phase in fired clay materials	51
Glass phase in Ohio heavy clays	69
Glass, pyrex, effect of heat treatment on expansion of	126
Glasses, soda-lime-silica, composition and thermal expansion of	103
Gold-filled and rolled gold plate articles, commercial standard for	107
Greases, stability of	18
Grid composition and sulphation of storage batteries	63
Ground-coat enamels, influence of composition on fusion properties of	19
Gum content of gasoline	85
Gypsum, columns protected with, fire tests of	67
Gypsum lath partitions, fire tests of	20, 94
H	
Heating installations, domestic, fire hazard of	93
Heats of fusion, a simple calorimeter for	103
Hemimellitene, isolation of, from petroleum	112
Humidity control in lithographic plants	33
Humidity, relative, nomogram for determining	129
Hydraulic laboratory research	49
Hydrocarbon, rubber, pure ether-soluble, preparation and crystallization of	43
Hydrocarbons, pure, spectral differentiation of	112
Hypersensitization of photographic emulsions	16
I	
Industrial Standardization and Commercial Standards Monthly	101
Industrial truck tires, revised simplified practice recommendation for	118
Infrared wave length standards	42
Ink for permanent records	118
Inks, colored, waterproof drawing	32
Inks, new circular on	21
Instruments, aircraft power plant	87
Interference method of measuring thermal expansion	2
International Committee and General Conference on Weights and Measures	121
International comparison of temperature scales	75

Page

International electrical units 13, 121
Ionosphere heights, a multi-frequency automatic recorder of 104
Ionosphere, virtual heights of 77
Iron-carbon oxides, the system liquid 106
Iron, gray cast, effect of casting conditions on properties of 64
Isotopic composition of water from natural sources, variation in 81
Isotopic fractionation of water 103

J

Jacket water temperature, effect of, on engine performance 114
Jerusalem-artichokes as a source of levulose 73
Jet propulsion 10

K

Kaolinite and dickite, synthesis of 18, 36
Knock in engines as induced by ozone 92
Krypton, the second spectrum of 96

L

Lacquer-coated resistors of high resistance 98
Lactones, aldonic acids and, preparation and properties of 113
Landing aids, airplane, radio system of 105
Lathe cutting conditions, effect of, on carbon and alloy steels 6
Leather, hydrolysis of, by sulphuric acid, influence of sodium chloride and magnesium sulphate on 33
Leather, vegetable tanned, influence of pH on the deterioration of, by sulphuric acid 43
Levulose, extraction of, from Jerusalem-artichokes 73
Levulose, stability of, in aqueous solutions of varying acidity 113
Libraries, deterioration of books in 66
Libraries, preservation of records in 117
Library air, removal of sulphur dioxide from 129
Light, international units of electricity and 25, 121
Lightning, protection against 31
Lime, hydrated, and diatomaceous silica, reaction between 4
Lime, hydrated, determination of particle size of 113
Lime solutions, alkalinity of 86
Lithographic papers, effect of temperature on 56
Lithographic papers sensitive to atmospheric humidity 3
Lithographic plants, humidity control in 33
Low-frequency radio receiving measurements at the Bureau of Standards, 1931–32 54
Lubricants, extreme pressure 18, 93, 114
Lubricated gasoline 28

M

Magnesia, determination of, in portland cement 68
Magnetic balance for the inspection of austenitic steel 29
Magnetic damping for laboratory balances 1
Manila rope, color of 34, 127
Masonry cement, studies of 50
Masonry cements, workability of 35
Masonry walls, dampness in, above grade 94, 107
Mesitylene, isolation of, from petroleum 112
Metals and metal products, encyclopedia of specifications for 64

Page

Metals used for aircraft instruments, effect of temperature on elastic properties of 29
Meter, definition of, in wave lengths of light 121
Meters, prototype, thermal expansion of 121
Micrometer gage for rubber specimens 54
Mineral aggregate production screens, wire diameters for 99
M.I.T. paper folding tester 88
Moisture expansion of whiteware, measurement of 72
Motor fuel, alcohol as 27
Mufflers for airplane engines 8

N

Nails, copper wire, simplification of 118
National Conference on Weights and Measures 57
National Screw Thread Commission, revised report of 131
Night effects in radio range-beacon reception, elimination of 7
Nitriding steels, determination of aluminum in 29
Noise, elimination of background, in sensitive pulse amplifiers 15

O

Ohio heavy clays, glass phase in 69
Ohm, absolute determination of 42
Olivine as a refractory 127
Optical and other properties of the normal formates of some group II metals 85
Oxides, iron-carbon, the system liquid 106
Ozone, effect of, on engine knock 92

P

Packaging of electric railway motor and controller parts 129
Paints, varnishes, and containers, simplified practice recommendation for 99
Palladium compounds, ignition of 86
Paper, accelerated aging test for 129
Paper, air permeability of 56
Paper, basic sheet sizes of, simplified practice recommendation for 130
Paper folding tester, M.I.T. 88
Papers, lithographic, effect of temperature on 56
Papers, lithographic, sensitive to atmospheric humidity 3
Papers, sulphite bond, improvement of 74
Particle size, determination of, by sedimentation method 113
Partitions, gypsum lath, fire tests of 20
Permanent writing ink 118
Petroleum, isolation of constituents of 112
Phase rule diagrams, compilation of 86
Philippine Island Government standard for abacá fiber 128
Photoelastic study of rubber 55
Photographic developers, comparison of 97
Photographic emulsions, mechanism of hypersensitization of 16
Photographic emulsions, sensitization by sulphites 124
Photometry, International Advisory Committee on 121
Platinum-rhodium alloys, dissolving for analysis 126
Platinum-rhodium alloys, thermoelectric properties of 29
Platinum to platinum-rhodium thermocouples, reference tables for 17

Page

Portland cement, determination of magnesia in 68
Portland cement, specific surface of 72
Potato starch size, consistency of 128
Potentiometer, a specialized, for comparing standard cells 82
Potentiometer, multiple-range, for measuring small temperature differences 2
Potter's flint and feldspar, effects of particle size of, in whiteware 96
Prism surfaces, permissible curvature of, and inaccuracy of collimation in refractometry 75
Propellers, aircraft, vibrations of 53
Proscenium curtains for theaters, fire tests of 106
Pseudocumene, isolation of, from petroleum 112
Psychrometry, improvements in 16
Pyrex glass, effect of heat treatmen on expansion of 126

Q

Quartz and steel end standards, comparison of 14

R

Radiation, infrared, from an engine cylinder 28
Radiation, recomparison of primary standards of 14
Radiobeacons, improved antenna system for 78
Radio direction finder, aircraft 83
Radio field intensities, a continuous recorder of 99
Radio receiving measurements, low frequency, at the Bureau of Standards, 1931–32 54
Radio observations, solar eclipse 123
Radio range-beacon reception, elimination of night effects in 7
Radio range-beacon system, course and quadrant identification with 98
Radio system for blind landing of aircraft 39
Radio system of landing aids, performance tests of 105
Radio transmissions of standard frequency, change in schedule of 31
Radioactive materials, improved instrument for measuring 54
Recorder, multi-frequency, automatic, of ionosphere heights 104
Records, preservation of library 117
Refractive index of rubber, effect of vulcanization on 66
Refractometry, permissible curvature of prism surfaces and inaccuracy of collimation in 75
Refractories, thermal dilatation of, up to 1,800 C 19
Refractory, olivine as a 127
Resistors, lacquer-coated 98
Rhodium-platinum alloys, dissolving, for analysis 126
Rolling, yawing, and hinge moments produced by rectangular ailerons 9
Rope, manila, color of 34, 127
Rubber, hydrocarbon, pure ether-soluble, preparation and crystallization of 43
Rubber, photoelastic study of 55
Rubber, refractive index of, effect of vulcanization on 66
Rubber specimens, screw micrometer gage for 54
Rubber-sulphur compounds, electrical characteristics of 81

S

Saggers, clays for 71
Sands, foundry, properties and testing of 45
Saturation scale for yellow colors 16
Screw Thread Commission, National, revised report of 131
Sedimentation method for determining particle size 113
Side winds, force of, on automobiles 115
Silica, diatomaceous, and hydrated lime, reaction between 4
Silicon, red and infrared arc spectrum of 125
Silk and wool, combination of, with positive and negative ions 33
Silver, freezing temperature of 52
Simplified practice recommendation covering glass containers 100
Simplified practice recommendation covering paints, varnishes and containers 99
Simplified practice recommendation covering wire diameters for mineral aggregate production screens 99
Simplified practice recommendation for basic sheet sizes of paper 130
Soda, determination of, in glasses containing relatively large amounts of potash 68
Soda-lime-silica glasses, composition and thermal expansion of 103
Soils acidity 32
Solar eclipse radio observations 123
Solar ultraviolet radiation, on sea and land 2
Spark test, utility of, as applied to commercial steels 106
Specific volumes of saturated vapors 112
Specifications for metals and metal products, encyclopedia 64
Spectral differentiation of pure hydrocarbons 112
Standard cell comparator 82
Standard samples, new list of 36
Starch size, sweetpotato-, consistency of 128
State utility commission engineers, 1933 conference of 76
Steam, high pressure, properties of 17
Steel, austenitic, magnetic balance for the inspection of 29
Steels, carbon and alloy, effect of lathe cutting conditions on 6
Steels, commercial, utility of spark test as applied to 106
Stone floor tiles, natural, abrasive resistance of 50
Storage batteries, grid composition and sulphation of 63
Storage of Government records 21
Stray current electrolysis 46
Streamlining automobiles 61
Structural conditions as they affect the work of a fire department 116
Sugar, refined, tests of, at Chicago 107
Sugar solutions, optically stable, for colorimetric analysis 32
Sulphite bond papers, improvement of 74
Sulphur dioxide, removal of, from library air 129
Sulphuric acid, effect of, on vegetable-tanned leather 43
Sulphuric acid, hydrolysis of leather by 33
Sulphuric acid solutions, viscosity of 63

T

Temperature differences, measuring small, with multiple-range potentiometer 2
Temperature, international scale of 121
Temperature scales, international comparison of 75
Textile materials, qualitative and quantitative analyses of 66

	Page
Textile shrinkage, standards for	128
Textile test methods	66
Theater proscenium curtains, fire tests of	106
Thermal dilatation of refractories up to 1,800° C	19
Thermal expansion, interference method of measuring	2
Thermal expansion of columbium 84, 96,	103
Thermal expansion of vitreous enamels	104
Thermocouples, platinum to platinum-rhodium, reference table for	17
Thomas recording gas calorimeter	3
Tiles floor, natural stone, abrasive resistance of	50
Tin-free leaded bearing bronze	52
Tires, industrial truck, simplified practice recommendation for	118
Transformers, current, equipment for testing	76
Turbulent flow, measurement of fluctuations of air speed in	30
Turnbuckles, simplified practice recommendation for	118

U

Ultraviolet solar radiation on sea and land	2
Utility commission engineers, conference of State	76

V

Vapor lock	17
Vapor pressure of automotive diesel fuels	40
Vapors, saturated, specific volumes of	112
Viscosity of optical glass	72
Viscosity of sulphuric-acid solutions	63
Vitreous enamels, thermal expansion of	104

W

Walls, masonry, dampness on	107
Water from natural sources, variation in isotopic composition of	81
Water, isotopic fractionation of	103
Waterproofed duck and similar fabrics, accelerated aging test for	34
Water vapor, atmospheric, nomogram for determining pressure of	129
Wavelength standard, infrared	42
Wear of floors	116
Weathering, volume changes in ceramic materials produced by	19
Weave, effect of, on properties of cloth	107
Weights and Measures, International Committee and General Conference on	121
Weights and measures, international meetings on	99
Weights and Measures, National Conference on	57
Weston normal cells, effect of glass containers on electromotive force of	82
White-metal bearing alloys, properties of	5
Whiteware, effect of varying particle size in	51
Whiteware, moisture expansion of	72
Wing characteristics, effect of aileron displacement on	89
Wire diameters for mineral aggregate production screens, simplified practice recommendation for	99
Wool and silk, combination of, with positive and negative ions	33

X

X-ray tubes, high voltage, comparison of	98
X-ray tubes, thick-walled, operation of, on rectified potentials	15
X-rays generated by voltages of different wave form, comparison of	84

Y

Yellow colors, saturation scale for	16

Z

Zinc uranyl acetates, alkali, optical and crystallographic properties of	114

U. S. GOVERNMENT PRINTING OFFICE: 1933
